

Listing of Claims

1. (Canceled)
2. (Withdrawn) A pharmaceutical composition comprising:
 - (a) collagen, and
 - (b) a pharmaceutical drug,wherein the pH of the pharmaceutical composition is less than about 4.5.
3. (Withdrawn) The pharmaceutical composition of Claim 2, wherein the pH of the collagen is from about 2.5 to 4.5.
4. (Withdrawn) The pharmaceutical composition of Claim 2, wherein the concentration of collagen in the composition is about 3 % w/w or lower.
5. (Withdrawn) The pharmaceutical composition of Claim 4, wherein the concentration of the collagen in the composition is from about 1 % w/w to about 3 % w/w.
6. (Previously presented) A pharmaceutical composition comprising:
 - (a) collagen,
 - (b) oxidized collagen, wherein the thiomethyl group of one or more of the methionine residues of the collagen have been replaced by methylsulfoxy and/or methylsulfonyl groups, and
 - (c) a pharmaceutical drug,wherein the pH of the pharmaceutical composition is less than about 4.5.
7. (Previously presented) The pharmaceutical composition of Claim 6, wherein the pH of the collagen is from about 2.5 to 4.5.
8. (Previously presented) The pharmaceutical composition of Claims 6, wherein the concentration of collagen in the composition is about 3 % w/w or lower.
9. (Previously presented) The pharmaceutical composition of Claim 8, wherein the concentration of the collagen in the composition is from about 1 % w/w to about 3 % w/w.

Serial No.: 10/656,657
Filing Date: September 2, 2003

10. (Previously presented) The pharmaceutical composition of Claim 6, wherein at least 20% of the thiomethyl groups have been replaced by methylsulfoxy and/or methylsulfonyl groups.

11. (Previously presented) The pharmaceutical composition of Claim 6, wherein at least 40% of the thiomethyl groups have been replaced by methylsulfoxy and/or methylsulfonyl groups.

12. (Previously presented) The pharmaceutical composition of Claim 6, wherein at least 60 % of the thiomethyl groups have been replaced by methylsulfoxy and/or methylsulfonyl groups.

13. (Previously presented) The pharmaceutical composition of Claim 6, wherein the pharmaceutical drug is compatible with non-oxidized collagen.

14. (Previously presented) The pharmaceutical composition of Claim 6, wherein the pharmaceutical drug is non-compatible with non-oxidized collagen.
